

HEAR WELL

LIVE WELL

BUT, THERE IS GOOD NEWS

TREATING HEARING LOSS CAN PREVENT OR IMPROVE THESE PROBLEMS!

TAKE THE NEXT STEP

- Do you often have to ask people to repeat themselves?
- Do you find yourself raising the volume of the television to higher than normal?
- Do you regularly miss parts of conversations?
- Do you experience a ringing in your ears?

To learn more (1) speak to your GP & (2) scan this QR code for information about:

- Hearing loss and common treatments
- Where to go for help and support
- Hearing help pathways and funding you might be eligible for
- Questions to ask when you speak to your GP
