Hearing Bank

"I got a free hearing aid through Soundfair's hearing aid bank.
Community can change you, change your situation."
-Abrham

Our Hearing Bank:

- Gratefully receives donated funds and devices for refurbishment.
- Provides low or no cost hearing wellbeing services and devices to vulnerable people in our community, who couldn't otherwise access or afford them.
- We support 100 people each year, like Abrham, but there are thousands more who need our help.

We rely on your support to serve the most vulnerable people in our society.

HOW YOU CAN SUPPORT OUR HEARING BANK PROGRAM:

Donate hearing aids and assistive listening devices that are up to 5 years old and in working order by sending them to us.

Make a monetary donation.

Donate your time (clinical or public volunteers are welcome).
